

AD-11

Type: SAF- 110G Pressure Screen
Mechanical Seal

Replacement: Andritz Mechanical Seal
Temperature: $\leq 100^{\circ}\text{C}$

Pressure: $\leq 1.0\text{Mpa}$

Speed: $\leq 500\text{r/min}$

Material : Q1,Q2,U2,T,V,M1,F,G,M

* Product description:

Product is SAF pressure screen mechanical seal series, sealing ring has excellent self-lubrication, easy installation, low error rate. The super elastic device delivers torque, no drive pin on the sealing surface, and reduces startup failure. Widely used in the paper industry.

* Apply to the host

Andritz

* Product features

Double end pack corrosion resistance.

* Application:

paper making.

* Operating pump position:

Pressure screen.
